FOH - If you haven't mixed us before, nice to meet you and welcome to the team! Feel free to address any questions to Kerry (bass player/leader). If Kerry is not available, ask Bill (Alto Sax). Kerry (bassist/leader) will not be **singing**, but will be the **MC**, so heads up on the bassist's MC mic (17) between songs.

LOW END - Steely Dan's albums and live shows are noteworthy for **tight, punchy low end** rather than **thick extended "club style" lows**, which will musically unbalance the arrangements: your attention to this is appreciated!

DROP KERRY THE CREW'S NAMES ON A PIECE OF PAPER so we can give you a shout out

THANKS, AND HAVE A FANTASTIC SHOW!
